

Application Procedures for Overseas Medical Treatment Expenses for Ageo City National Health Insurance

1. Treatment eligible for overseas medical expenses

- Ageo City National Health Insurance subscribers had no choice but to visit overseas medical institution.
- The treatment is covered by Japan's Health Insurance.
- Documents prepared and issued by the medical institution confirming the date of examination, the name of the disease, the details of treatment and the amount received.
- Procedure within 2 years from the date of treatment.

In the following cases, overseas medical treatment expenses are not eligible for payment.

- Traveled for therapeutic purposes
- Treatment not covered by Japan's Health Insurance
- There are no documents, more than 2 years have passed since the treatment, etc.
- Non-medical treatment (prosthetics, acupuncture and moxibustion, or massage therapy)

2. Amount of Overseas Medical Treatment Expenses Payment

- The lower of the amount for treatment in Japan for a covered illness or the amount of medical expenses incurred locally will be covered, and the amount equivalent to the co-payment will be deducted from the covered amount. If you are covered by public insurance overseas, the amount will be calculated after deducting the amount covered by public insurance.
- * Overseas, even for the same illness or injury as in Japan, the amount of the claim may differ greatly depending on the country and medical institution, so please purchase private overseas travel insurance if necessary.
